Brand New Book ***** Print on Demand *****.Excerpt from **Running a Happy Family: How You Can Apply What Business Has Discovered About Management and Human Relations to Make an Efficient Home and a Happy Family** The chief purpose of this book is to point out to parents that certain human-relations skills and techniques currently being taught and used in the business world may also be helpful at home. Application of these skills has lagged behind in the home, despite the fact that they are based on common sense and on sound theory. The widespread attention being given by business and industry to management training and development led us to the writing of **Running a Happy Family**. In the business world, millions of dollars are being spent to teach everyone from foreman to president how to be a more effective manager or supervisor. Some concerns have worked out extensive programs of their own; others send their men to colleges or professional schools, or call in management-consulting firms.
