

Language, Consciousness, Culture: Essays on Mental Structure

By Ray S. Jackendoff

MIT Press Ltd. Hardback. Book Condition: new. BRAND NEW, Language, Consciousness, Culture: Essays on Mental Structure, Ray S. Jackendoff, Ray Jackendoff's Language, Consciousness, Culture represents a breakthrough in developing an integrated theory of human cognition. It will be of interest to a broad spectrum of cognitive scientists, including linguists, philosophers, psycholinguists, neuroscientists, cognitive anthropologists, and evolutionary psychologists. Jackendoff argues that linguistics has become isolated from the other cognitive sciences at least partly because of the syntax-based architecture assumed by mainstream generative grammar. He proposes an alternative parallel architecture for the language faculty that permits a greater internal integration of the components of language and connects far more naturally to such larger issues in cognitive neuroscience as language processing, the connection of language to vision, and the evolution of language. Extending this approach beyond the language capacity, Jackendoff proposes sharper criteria for a satisfactory theory of consciousness, examines the structure of complex everyday actions, and investigates the concepts involved in an individual's grasp of society and culture. Each of these domains is used to reflect back on the question of what is unique about human language and what follows from more general properties of the mind. Language, Consciousness, Culture extends Jackendoff's...
