### ***Reviews***

*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

Patches of gray clouds, slowly drift over the water, hiding the sun on this steamy summer day. It is a quiet place. No boats are churning the deep green water to froth. Children are splashing in the warm water along the shore. Their dangling legs are a lure, a meal for something strange. Something has risen from the deep in hunger, something huge looking for air to breathe, something with razor teeth. Just under the water mirror, a monster starts its patrol. Long sharp fins break the surface just before. The story of a monster lurking in Bear Lake is one from the author s personal collection of stories he has titled Bear Lake Monster and Other Clever Stories. Much like elevator music, these are stories the writer can only expect the reader to read or hear told while they are in a captive state. Pretend you are between floors in an elevator with no hope of being rescued soon. After the anxiety of claustrophobia and falling to your doom resides, you need to find a way to pass the time before the fire department crew provides a release from your...
