

Parasitic Vs. Non-Parasitic Substrata

Filesize: 4.95 MB

Reviews

Completely essential go through pdf. This is for all those who statte that there was not a really worth reading through. You will not truly feel monotony at at any time of your time (that's what catalogues are for concerning if you question me).

(Mr. Santa Shanahan)

PARASITIC VS. NON-PARASITIC SUBSTRATA

DOWNLOAD

AuthorHouse. Paperback. Book Condition: New. Paperback. 368 pages. Dimensions: 8.0in. x 5.0in. x 0.8in. Queen of the academic world for 2,000 years, Philosophy has been in disrepute for roughly the last 300 years. Its said shes hopelessly barren. Is Philosophy the infertile party, or have all her suitors been sterile This book fingers the suitors. It says they rendered themselves impotent by abusing three crucial terms: substance, substratum, and existence. The author spells out their erroneous definitions and presents the correct ones. With those three terms properly defined, Philosophy gives birth to the Holy Grail of Metaphysics: a non-singular solution to the theory of ultimate particles. Thats a theory which so defines the universes ultimate constituents as to leave each physically indivisible but divisible in principle and, therefore, capable of internal change without ceasing to be the same ultimate. Concretely defined, such ultimates render Philosophy so fertile, she can give a philosophical but mathematically precise accounting for neutrinos, anti-neutrinos, leptons, quarks, atoms, galaxies, electromagnetic radiation, gravity, relatively instantaneous travel to all parts of the universe, etc. This book is a must read for all Philosophys genuine devotees. For, in its pages, Philosophy commences her resurrection, the reclamation of her throne, and her race with Science to find Sciences Holy Grail: The Theory Of Everything. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
