

How to Disappear and Not Get Caught in 2013: New Identity Theory and Practice for the New Millennium

By R Godinez

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The modern fugitive needs the most accurate and useful information if he is to be successful. This is Evasion Science 101, a detailed journey into every aspect of the fugitive mindset. Packed with essential websites and resources, this book offers effective techniques on creating a new identity, relocating, disappearing, avoiding capture, and living a new life without looking over your shoulder in fear. Fugitives also need practical advice on changing their old habits and behavior, so they don't screw up the new life they create. This book contains hard, naked honest appraisal of the criminal, and what he needs to change about himself, in order to successfully blend in to free society. Almost all the books on the subject of new identity are outdated, and don't go into enough detail on the how-to aspect. This book is a real how-to manual, covering everything, in a clear, step-by-step manner. The author chose not to fill the book with junk, just to make a fatter book. This book is the Bible on the subject of Evasion, and not...
