9787111389231 practical engineering plastics Manual(Chinese Edition)

By ZHANG YU LONG . ZHANG WEN DONG . YAN XIAO FENG ZHU BIAN

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :2012-09-01 Pages: 547 Publisher: Machinery Industry Press title: the practical engineering plastics Manual Original: 88.00 yuan Author: Zhang Yulong. Zhang Wendong. Yan Xiaofeng editor of Press: Mechanical Industry Press Publication Date :2012-9-1 ISBN: 9787111389231 Words: 797.000 yds: 547 Edition: 1 Binding: Paperback: 16 Weight: Editor's Summary This book introduces the polyamide. polycarbonate. polyoxymethylene thermoplastic polyester (PET and PBT). polyphenylene ether and modified polyphenylene ether. polytetrafluoroethylene. polyphenylene sulfide. polysulfone plastic. a polyether ether ketone. polyimide. polyarylate and liquid crystal polymer of the main varieties and performance. products and its molding process. Characteristics of this book is to highlight the practical. advanced and operability. Introduction to the Theory simple. focusing on the introduction of practical data and examples. This book is the plastics industry materials research. product design. manufacturing. processing. management and sales staff required reading essential tool. Contents Preface Chapter 1 Overview Section 1 basics. definitions and scope. classification Third. performance engineering plastics in section II modified with forming a major modification methods. the composition of the engineering plastics and molding method first the status and role of...

Reviews

The most effective book i ever read through. it had been writtern quite flawlessly and valuable. I am just happy to let you know that here is the very best publication i have got read through during my individual daily life and may be he greatest pdf for ever.

-- Prof. Adonis Rodriguez

Comprehensive information for publication fans. I have got read and i am confident that i am going to likely to go through once again once again in the foreseeable future. I am just very happy to let you know that this is actually the greatest book i have read in my very own existence and could be he finest book for at any time.
